

IDENTALLOY®

IdentAlloy/IdentCeram Licenses C5 Medical Werks for IdentCeram

September 19, 2009 – Denver, Colorado – The IdentCeram division of the Identalloy Council has announced that C5 Medical Werks of Grand Junction, Colorado has become an IdentCeram licensee. C5 will start providing IdentCeram Certificates to all dental labs purchasing Yttria Stabilized Zirconia blocks from C5.

Charles Yenker Identalloy/IdentCeram Executive Director said, “C5 Medical Werks Zirconia CAD/CAM blanks are a welcome addition to the growing roster of participants in the IdentCeram program. Our goal is to enroll all the manufacturers/distributors of YZ materials into this voluntary self regulatory program”

“Our zirconia dental blanks are produced in the United States in a state-of-the-art facility that is ISO 13485 certified and FDA registered. The IdentCeram certification is one more assurance of the quality and reliability of C5 zirconia dental blanks” commented Andrew Nield, Director of Sales and Marketing at C5 Medical Werks. “It is important that we provide our customers and their patients with peace of mind and also differentiate our US manufactured zirconia blanks from other non-certified blanks on the market.”

Identalloy/IdentCeram is a nonprofit organization formed to raise healthcare standards through the documentation of alloys and ce-
